UPDATE ON THE WEST VIRGINIA LEGISLATURE MEETING SCHEDULE

A statement from the Speaker:

Statement to members: The President and I are in touch with the Governor and continue to monitor the situation. We will reconvene on Monday at 1 pm, and in coordination with the Senate, adjourn until a date certain, likely the following Monday. No other action will be taken on Monday. We are waiting on updates to see when normal business can resume. It will take at least 48 hours following the all clear from WVAW for hotels and restaurants to be able to accommodate guests. We hope to coordinate Monday's session so members with long drives have the option of not attending on Monday. We will follow up tomorrow with further information.

Sincerely,

Jason Williams

Assistant to House Speaker Timothy R. Miley
